About AERF

BELIEFS

We believe that the future of Armenia belongs to its youth. Every child has the right to a good education, which starts from kindergarten. We also believe that having essential supplies gives the children the basic elements required to start their education on the right track.

VISION

AERF is dedicated in creating the right conditions to provide the best education for every child in Armenia.

MISSION

AERF provides essential supplies to kindergarten students in Armenia, by traveling and delivering the supplies first-hand. We ensure that 100% of the donations reach the children who need them the most.

HISTORY

AERF was established in 2006 with the goal of traveling to Armavir, Armenia to donate school supplies to kindergarten #7. The success of this project motivated us to go to Armenia every year and support other kindergartens. Since 2006, AERF has raised over \$40,000 to supply 8 kindergartens throughout Armenia to support over 700 children per year.

Backpacks for Kids Project Information

PROJECT OVERVIEW

AERF will donate to Armenia's kindergarten children, who are in need of assistance. The goal is to provide 1,000 quality backpacks full of essential school supplies to 10 kindergartens in Armenia. With your help, AERF will purchase backpacks full of essential school supplies in Armenia. Donations are welcomed in any amount; 100% of the proceeds will be spent buying new backpacks and school supplies for children in need. Donations are tax deductible to the fullest extent allowed by law.

WHY

Armenia is a developing country that is struggling economically. There are hundreds of kindergartens throughout Armenia that lack basic school supplies for children. While these facilities provide for the children's basic needs, they cannot keep up with the ongoing need of school supplies for all of the children. Families in need find it extremely difficult to provide their children with basic necessities such as backpacks and basic school supplies.

OTHER BENEFITS

Backpacks and school supplies will be purchased in Armenia, stimulating the local economy by the infusion of capital. In addition, each backpack will have school and dental hygiene supplies lasting from kindergarten until end of first grade.
